## LITERARY IMPROMPTU

### Rules:

1. This competition is designed for those who enjoy speaking impromptu.
2. After the topic is given, 25 seconds will be provided as buffer time.
3. Following the buffer time, the participant must talk for a maximum of one minute regarding the given topic.
4. **Game play and Scoring:**

The game proceeds in rounds with contestants attempting to interrupt the speaker by correctly identifying errors.

Action	Points Awarded
<b>Successful Jam (Justified Interruption)</b>	<b>+5 Points</b> to the interrupter (who then takes over as speaker).
<b>Unsuccessful Jam (Unjustified Interruption)</b>	<b>-2 Points</b> to the interrupter.
<b>Speaking Successfully (Until Jammed or Time-Out)</b>	<b>+1 Point</b> for every 10 seconds of error-free speech (to be tracked by the timekeeper).

- One of the contestants will begin speaking on the given topic.
- Any other contestant can "jam" (interrupt) the speaker by stating the reason for the interruption.
- If the reason for jamming is justified, the interrupting person will gain points and the chance to speak.
- If the reason for jamming is turned down, the interrupting person will receive negative points, and the previous speaker can continue speaking.
- The contestant with the maximum points at the end of the given time will be declared the winner.

### 5. Judicial Clarification: Valid Jamming Reasons

For the purpose of consistency, justified interruptions (successful jams) may be called for the following reasons, among others:

- Hesitation/Stammering (a prolonged pause or repetition).
- Repetition (of a word or phrase, excluding articles/prepositions).
- Grammatical Error (a clear error in syntax or grammar).
- Deviation from the Topic (a complete shift away from the theme).
- Failure to use a specific word/phrase (if mandated by the topic card).

### Cash Prizes:

First - Rs. 2000

Second - Rs. 1500

Third - Rs. 1000

1. All participating players are required to bring their own laptops for use during the tournament.
2. Ethernet connection is provided, players are advised to bring laptops that support WLAN connection
3. Mahotsav ID cards must be presented by every player
4. Maximum of 3 players per team.
5. The competition will utilize a single-elimination knockout structure. Winning teams will advance to the next round.
6. The usage of cheats, bugs, or any form of unauthorized software is strictly prohibited. Any team found violating this rule will be summarily disqualified from the tournament.
7. In the event of any technical issue originating from a player's side—such as laptop failure, system crash, or battery depletion—no rematch or replay will be permitted.
8. Any form of in-game toxicity—including chat abuse, intentional targeting, or disruptive behavior—will not be tolerated. Offenders may receive warnings or be removed from the tournament.

### Cash Prizes:

First	-	Rs. 4000\-
Second	-	Rs. 3000\-
Third	-	Rs. 2000\-

## Esports - Smash Karts

### Rules:

1. PCs are provided
2. Mahotsav ID cards must be presented by every player
3. All matches will be played in Solo mode (individual).
4. The competition will utilize a single-elimination knockout structure. Winning player will advance to the next round.
5. The usage of cheats, bugs, or any form of unauthorized software is strictly prohibited. Any team found violating this rule will be summarily disqualified from the tournament.
6. In the event of any technical issue originating from a player's side—such as laptop failure, system crash, or battery depletion—no rematch or replay will be permitted.
7. Any form of in-game toxicity—including chat abuse, intentional targeting, or disruptive behavior—will not be tolerated. Offenders may receive warnings or be removed from the tournament.

### Cash Prizes:

First	-	Rs. 3000\-
Second	-	Rs. 2000\-
Third	-	Rs. 1000\-

## TECHNO SPORTS & RACES

### 1. Line Follower Challenge

#### Objective:

Line Follower Challenge is basically a line-following and maze-solving competition. A track of white lines on black backgrounds and black lines on white backgrounds will be laid out and an autonomous robot must follow that line. The robot must complete a task. The path will have checkpoints. The team which completes the correct path the fastest will be the winner.

#### Robot Specifications:-

1. The robot must fit inside a  $200 \times 200$  mm red-coloured square.
  - No height restrictions.
  - Exceeding dimensions results in immediate disqualification.
2. The robot must be fully autonomous.
  - No remote control, no wired/wireless control,
  - cameras, image processing, or external assistance is not allowed.
3. There is no weight constraint of the robot.
4. Pre-made sensor kits may be used.
  - or similar modular assemblies are NOT allowed.
5. All sensors, processors, power sources, and controllers must be mounted onboard.
6. The robot must not damage the track, arena surface, or checkpoints.
7. Modifying the robot after inspection without permission can lead to disqualification.

#### Power Supply and Propulsion:-

1. The machine must be entirely self-contained and should not receive any external assistance. It must not utilize an energy source that involves a combustion process.
2. The machine must have its own on-board power source. The use of external power supplies is not permitted.
3. The potential difference between any two points on the machine must not surpass 12V.

#### Track & Arena Details :-

1. The arena consists of a continuous line track with curves, turns, and possible intersections.
2. Checkpoints will be placed at predefined locations along the track during the actual competition runs.
3. The exact track layout may be disclosed partially or fully before the event, but minor changes or surprise elements may be introduced.
4. Arena dimensions (all in mm):
  - Maximum arena size:  $4000 \times 4500$  mm
  - Track width: 30 mm
  - Start zone:  $200 \times 200$  mm
5. Track colour may vary due to fading; do not assume perfect black/white contrast.

6. Track may include discontinuities.
7. Arena tolerances may vary up to 5% or 20 mm.
8. Lighting conditions (sunlight/incandescent/fluorescent) will not be controlled.

### Trial Run (Practice Round) :-

1. Each team will be given one free trial run (span of 2 minutes) before the official competition begins.
2. This trial run is meant for:
  - Testing the robot
  - Calibrating sensors
  - Adjusting and finalizing the code
3. No checkpoints will be present during the trial run.
4. Trial run time is not included in scoring.
5. No hardware modifications are allowed after trial run without referee approval.

### Checkpoint Rules :-

1. Checkpoints will be active only during the competition runs.
2. If the robot reaches a checkpoint and becomes:
  - Unbalanced or Unable to proceed correctly then the team is allowed to lift the robot and place it at the previous checkpoint. Each team will be given three official chances (runs) during the competition to fix the robot.
3. The robot must resume the run from the previous checkpoint only, not from the start.
4. Touching or repositioning the robot without referee permission will lead to disqualification.

### Team Rules:-

1. A team may consist of a maximum of four members. Only one member from team is allowed to handle the robot during the competition .
2. Only team members registered for the event are allowed in the competition area.
3. Any form of misbehaviour, argument with officials, or violation of rules may result in disqualification.
4. A participant cannot be a member of multiple teams.
5. Only undergraduate students are allowed to participate.

### General Rules:-

1. The robot must start only after the referee's signal.
2. External assistance during a run is strictly prohibited.
3. The organizers reserve the right to:
  - Modify rules if necessary
  - Resolve disputes
4. The decision of the referee and organizers will be final and binding.

### **Hand Touch :-**

1. The operator must request referee permission before touching the robot.
2. Touching without permission results in immediate disqualification.
3. If permission is granted:
  - The robot must restart from the last checkpoint.
  - The timer will continue running.

### **Scoring Criteria :-**

1. Scoring is purely time-based.
2. The overall time taken from start to finish will be calculated for each run.
3. The team with the minimum final time will be declared the winner.

### **Cash Prizes:-**

First	-	Rs. 8000
Second	-	Rs. 6000
Third	-	Rs. 4000

## **2.Bot Wrestling**

### **Objective:**

Bot Wrestling is a competitive event where two robots, controlled either wirelessly or via wired connections, face off with the objective of pushing the opposing robot out of the designated arena. These robots must be operated remotely operated, ensuring a battle of strategic maneuvering and technological prowess.

### **Robot Specifications:-**

1. The robot's dimensions of the must not exceed (300mm x 300 mm x 300 mm) at any point during the game. The robot height should not exceed 15cm.
2. Both wired and wireless robots are allowed
3. The weight of the bot (wired/wireless) should not exceed 5 kg.
4. The maximum voltage for batteries, both in the robot and the remote, must not exceed 12 V.
5. The bot can have 4-wheel drive or 2-wheel drive mechanism; all the tyres must contribute to its movement.
6. The body of the robot must not be taken from any readymade toys.
7. For wired control, participants must ensure that the wire length is at least 5 meters. The wires should be properly insulated and bundled together as a single unit without disturbing the others robot.
8. RF modules from toy cars are not permitted; however, the use of IC engines and LEGO kits will result in disqualification.
9. The battery of the robot should be onboard.

### **Rules:-**

1. The objective of the competition is to be the last bot standing inside the arena.
2. Teams will compete in a knockout or league format, depending on the total number of participating teams. Based on performance, the top four teams will qualify for the Semi-Finals.
3. At the start of each match, both bots must be positioned at the center of the ring.
4. The match will begin only after the referee's signal.
5. A bot wins a round by pushing its opponent completely outside the ring.
6. The referee's decision will be final in determining whether a bot has been pushed out entirely.

7. If a bot does not move from its position for more than 30 seconds, the team will receive a first warning.

8. Chain and belt mechanisms involved robots are not allowed. only electric driven system are allowed to participate.

9. The team will be disqualified if the player intentionally hurts the opponents robot after the referees signal.

#### Match Duration

- Each match will have a maximum duration of 5 minutes.

#### Push-Out Limit

- The bot with the greater number of push-outs will be declared the winner.

#### False Start Rule

- If a bot moves before the referee's signal, the match counter will be reset, and the team will be given a second chance.
- Repeated violations of this rule will result in disqualification

#### Cash Prizes:-

First	-	Rs. 8000
Second	-	Rs. 6000
Third	-	Rs. 4000

#### Arena :-

1. The arena will be square in shape of side 2400 mm.
2. The main arena will be a circular in shape with a maximum diameter 2200 mm.
3. A center white line of 25.40 mm width, divides the arena into two equal halves.
4. White border squares of 300 mm x 300 mm on the opposite sides of the central line, indicating the starting zones of the two competing teams.
5. The arena will be constructed from wood, with all the markings on it, including the zones, painted onto the surface.

#### Power Supply :-

1. The robot must be completely self-contained and require no external assistance. It must not use any energy produced through burning fuels that may have any potential risk of fire hazard.
2. The robot must have an internal on-board power source, external power supplies are not allowed.
3. The voltage within the robot must not exceed 12 V DC any point.

#### Point System :-

1. Each match will have a total duration of 5 minutes, unless extended by the judges.
2. During these 5 minutes, points will be awarded based on the number of goals scored.
3. If a robot goes outside the arena, the opposing team will be awarded one point.
4. The judges' decision shall be final and binding in all matters.
5. The organizers reserve the right to modify any or all of the above rules as deemed necessary.

#### Hand Touch :-

1. The operator must request referee permission before touching the robot.
2. Touching without permission results in immediate disqualification.

3. If the robot disconnects during the competition, one minute will be given to repair it.

### 3 .Robo Races

#### Objective:

Robo Race is a competitive event in which teams must design and build a manually controlled wired or wireless robot capable of traversing multiple challenging terrains such as land, sand, gravel, inclines, and shallow water. The robot that successfully completes the entire track in the minimum amount of time will be declared the Robo Race Winner.

#### Robot specifications:-

1. The robot must fit inside  $300 \times 300 \times 300$  mm (L × B × H) at all times.
  - External control devices are not included in dimensions.
2. Maximum weight allowed is 5 kg.
3. Chain-based mechanisms are not allowed.
4. Only electric motor–driven gear mechanisms are permitted.
5. Ready-made RC cars are strictly prohibited.
6. Use of IC engines, compressors, or pneumatic systems is not allowed.
7. The robot must remain intact throughout the race. Disintegration results in immediate disqualification.
8. The robot must not cause any damage to the track or arena.
9. If the robot is deemed unsafe, the team will be disqualified.
10. Market-procured parts allowed:
  - Motors
  - Tyres & wheels

#### Power supply:-

1. Allowed batteries: Li-po, Li-ion, or standard cell batteries.
2. Batteries must be placed inside a protective shield to ensure safety during impacts.
3. Standard operating voltage: 11.2V
4. Maximum permitted voltage: 12V
  - Exceeding 12V will result in penalty time before the race.

#### Control System Rules:-

1. Wired Control
  - The wire must remain slack at all times during the race.
2. Wireless Control
  - Wireless robots must use dual-frequency / Bluetooth / equivalent systems.
  - Teams must switch to the desired frequency before the event to avoid interference.
  - If disconnection occurs while racing, teams have 1 minute to repair the robot.

#### Track and Arena details:-

1. The track will consist of multiple terrains: smooth surfaces, sand, gravel, slopes, and shallow water.
2. The robot must remain inside the track boundaries at all times.
3. Checkpoints will be placed at regular intervals for reset purposes.
4. Any damage caused to the track by the robot will result in disqualification.

#### Trial Run (Practice Round) :-

1. Each team will be given one free trial run (span of 2 minutes) before the official competition begins.
2. This trial run is meant for:

- Testing the robot
- Calibrating sensors
- Adjusting and finalizing the code

3. No checkpoints will be present during the trial run.
4. Trial run time is not included in scoring.
5. No hardware modifications are allowed after trial run without referee approval.

### **Checkpoint Rules :-**

1. Checkpoints will be active only during the competition runs.
2. If the robot reaches a checkpoint and becomes:
  - Unbalanced or Unable to proceed correctly then the team is allowed to lift the robot and place it at the previous checkpoint. Each team will be given three official chances (runs) during the competition to fix the robot.
3. The robot must resume the run from the previous checkpoint only, not from the start.
4. Touching or repositioning the robot without referee permission will lead to disqualification.

### **Team Rules :-**

1. A team may consist of a maximum of five members. Only one member from team is allowed to handle the robot during the competition .
2. Only team members registered for the event are allowed in the competition area.
3. Any form of misbehavior , argument with officials, or violation of rules may result in disqualification.
4. A participant cannot be a member of multiple teams.
5. Only undergraduate students are allowed to participate.

### **General Rules :-**

1. The robot must start only after the referee's signal.
2. External assistance during a run is strictly prohibited.
3. The organizers reserve the right to:
  - a. Modify rules if necessary
  - b. Resolve disputes
4. The decision of the referee and organizers will be final and binding.

### **Hand Touch :-**

4. The operator must request referee permission before touching the robot.
5. Touching without permission results in immediate disqualification.
6. If permission is granted:
  - The robot must restart from the last checkpoint.
  - The timer will continue running.

### Scoring Criteria :-

1. Scoring is purely time-based.
2. The overall time taken from start to finish will be calculated for each run.
3. The team with the minimum final time will be declared the winner.

### Cash Prizes:-

First	-	Rs. 8000
Second	-	Rs. 6000
Third	-	Rs. 4000
